

CLEANER

MICROFIBER DUSTING PAD

Replacement dusting pad for PALLMANN Microfiber Mop

PRODUCT DESCRIPTION:

Statically charged microfibers lift and attract dust and allergens.

**PROTECTION OF THE WORKPLACE AND THE ENVIRONMENT:**

Read and follow all safety and environmental precautions and instructions on the packaging label and the Safety Data Sheet (SDS). The SDS is available at www.pallmann.us.

DISPOSAL:

For disposal and recycling, follow the applicable laws and regulations. When possible, avoid or minimize waste generation. Do not allow the material to get into sewers, waterways or unlined ground surfaces. Empty packaging can be recycled.

INDOOR AIR QUALITY INFORMATION

VOC content: < 1 g/L, compliant with SCAQMD 1171

FEATURES - BENEFITS:

- ▶ Statically charged microfibers for picking up dust
- ▶ Replacement dusting pad for PALLMANN microfiber mop

TECHNICAL DATA:

VOC < 1 g/L

PREPARATION:

1. Sweep, dust mop or vacuum before cleaning with PALLMANN® HARDWOOD FLOOR CLEANER.
2. Spray or mist a 4' X 6' area of your floor with the cleaner and wipe with a pre-dampened PALLMANN® MICROFIBER MOP. Wetting the mop helps loosen dirt on the floor surface and quickens the cleaning process. It is recommended to rinse your mop as it gets soiled during the cleaning process to avoid leaving residue behind.
3. To clean, simply move the mop back and forth. For stubborn spots, sticky spills and shoe marks, spray cleaner directly on the soiled area and wipe with a clean cloth or PALLMANN® MICROFIBER CLEANING PAD by hand if necessary.
