

Bona ClearSeal®

Reach the look of hardwood floors that nature intended.

Bona ClearSeal® is a waterborne sealer that offers easy abrasability, great build characteristics and is fast drying. The clear aspect offers a classic appearance which highlights the natural color of wood. Bona ClearSeal provides an initial layer that prevents the finish from penetrating into the wood.

- No pigments added - natural color of wood is highlighted
- Excellent abrasion performance
- Reduces sidebonding and tannin bleed
- Dries in 1-2 hours
- Compatible with the complete Bona System®
